

September 15, 2021

Dear Colleague,

Michigan AHEC leadership is developing a Telehealth course for healthcare professionals working with medically underserved populations. We are seeking your input through the attached survey link to better understand your needs and experience with Telehealth Training, and preferences with course content and logistics.

Healthcare professionals eligible to participate include physicians, advanced practice nurses, pharmacists, social workers, licensed counselors, and dentists. Participants will remain anonymous, and information will be examined in aggregate. The information gathered will inform our course content and design.

If you have any questions, please contact any of our IPE Faculty below.

Thank you for your time and consideration,

Aline Saad, PharmD

Associate Clinical Professor of Pharmacy Practice, Wayne State University Eugene Applebaum College of Pharmacy and Health Sciences

aline.saad@wayne.edu

Susan Wiers, DNP, FNP-BC

Assistant Professor (Clinical), Wayne State University's College of Nursing

susan.wiers@wayne.edu
